Congratulations!

You have taken the first step in the process of empowering your voice! You are now just one step away from connecting with us!

Simply call or email us now!

(No charge and No obligation)

One of our SCA Seniors' Consultants will be happy to connect with you.

SeniorCareAccess.com offers to connect 3 major components which influence older adults and their families as they age.

SENIORS' HOUSING DATABASE

SeniorCareAccess.com has amassed Canada's most extensive membership accessible database of senior housing options as well as FREE access to our retirement community directory.

SCA SENIORS' CONSULTING

A person-centred consulting program designed to offer families a starting point in having their initial questions answered, 'What do we do now?' and 'Who can help us?'.

SENIORS' RESOURCE DIRECTORY

The Seniors' Resource Directory is designed for direct interaction of senior service providers, interested professionals and consumers. Access to this section of the site is free for all users and is searchable by province, city and service category. Other benefits of the site include an article database as well as an online store with valuable publications for all visitors.

SeniorCareAccess.com (SCA) is a unique, first-of-its kind online portal offering older Canadian adults and their families a one-stop-shop for their transitioning lifestyle. SCA Seniors' Consulting is a person-centred consulting program providing seniors and their families with guidance and assistance in identifying and managing resources and easing the stress of transitions.

FIRST STEP: In working with older adults and their families we understand that taking the 'first step' in any transition is often the

most difficult! Asking for or admitting the need for help, is a challenge for all of us. SCA Seniors' Consulting is designed to provide a safe, comfortable start in planning your next steps. When it comes to asking the initial questions, 'What do we do now?' and 'Who can help us?', SCA Seniors' Consultants assist seniors and their families in identifying available solutions to meet their needs and goals.

The reality is, Knowledge Is Power! The power to make choices. The power to avoid circumstances that limit your choices. The power to shape your future. SCA Seniors' Consulting offers families unbiased conversation leading to an 'Action Plan' inclusive of your choices and wishes.

YOUR VOICE: We all deserve to be heard! SCA Seniors' Consulting is person-centred and aims to understand your needs and wants,

therefore empowering your voice! With the right conversation and identified solutions, SCA Seniors' Consultants strive to improve your quality of life.

SOLUTIONS: In order to formulate a solution, discovering what questions need to be answered is often the key. The challenge is discovering what the questions actually are! We, at times, are faced with situations that cause us to identify an underlying or unrealized challenge. Other times, we may require planning for the future as a result of a dramatic change in circumstances. The 'Action Plan' is designed to include these solutions.

TRANSPARENCY: SCA's services are designed to be transparent to you and to your family, offering unbiased guidance, detailed action plans, referrals and costs. SCA Seniors' Consulting is here to improve your quality of life not to take advantage of it.

We work hand in hand with all of our referral solutions and guide you through the 'Action Plan', empowering you and your family to meet your goals.

SCA is not exclusive to any brand or service, ensuring solutions are best suited to your needs and wants.

COSTS: Building on being transparent, our pricing is simple yet flexible. We offer a NO CHARGE 1 HOUR discovery consultation with you and any others that you would like to include. We will return to you with an 'Action Plan' outline based on the information and goals discussed, as well as any suggestions. For some, the solution is simple and may require a few additional consulting hours, (hourly rate will apply), while other situations may be more involved.

When deciding to move forward with the 'Action Plan', you will have a choice: Implement the full plan OR only parts of it. 'Action Plan' fees start at \$1499.00 and may increase based on the details and 3rd party* involvement required to achieve your goals. The 'Action Plan' outline will offer you strategic pricing check points so you will be able to assess the costs early on in the program and design the plan moving forward.

3rd party* fees are paid directly by the customer to the 3rd party, separate from any SCA fees. These details will be presented in the 'Action Plan'.
